**Vision**

- professionals promoting innovation and research.

To emerge as an academic centre producing world class

**Mission:**

- employment and entrepreneurship.
- diversity.
- 
- 
- 

To promote intellectual and skilled human capital generation

To be educational centre of excellence of multi ethnicity and

To establish as technology driven teaching learning institution.

To provide world class platform for research and innovation.

To inculcate social, environmental, heritage values.

	1 Week Add On Certificate Course On Google Sketchup	
	Certificate Programm On Agripreneurship	
	Certificate Programm On Food Processing & Prevention	
	Certificate Programm On Organic Production & Composting Technology	
	Capacity Building Certificate Programme On Agri Startups And Use Of E-Commerce, Digital Platforms And Marketing	
	Short Term Course On Video Editing & Production By Liberal Arts Production	Annexure - I
	Short Term Course On Digital Film Making By Imagine Films	
	Short Term Course On Data Analysis On Spss	
	Short Term Course On Data/ Business Analytics	
	Short Term Course On Advanced Excel	
	Short Term Course On Six Sigma	
	Short Term Course On Microsoft Power Bi With Tableau

### **About Tula's Institute**

Tula's Institute, founded by Rishabh Educational Trust in 2006, is acknowledged as the NAAC A+ Accredited institute as having the highest rating amongst colleges & universities in Uttarakhand. Tula's Institute is one of the 'Top Engineering Colleges in Uttarakhand' for its excellence in academic programs from undergraduate to the postgraduate level.

Tula's Institute is Ranked as No. 1 College in the Dehradun for placements in core companies, faculty, and infrastructure and Industry exposure.

Tula's Institute Dehradun is dedicated to serving our communities by recognizing the diverse needs of the individuals. It encourages personal and professional development through respect, appreciation and a commitment to general education, as a foundation for life-long learning.

#### **Vision**

To emerge as an academic centre producing world class professionals promoting innovation and research.

#### **Mission**

To promote intellectual and skilled human capital generation employment and entrepreneurship.

To be educational centre of excellence of multi ethnicity and diversity.

To establish as technology driven teaching learning institution.

To provide world class platform for research and innovation.

To inculcate social, environmental, heritage values.

### **About Department of Computer science & Engineering**

Bachelor of Technology in Computer Science & Engineering (B.Tech. CSE) is one of the most sought-after engineering degrees. The program teaches students about computer applications and systems in order to prepare them for a career in the IT industry. In this program, students learn about programming languages, digital and analogue electronic equipment, networking, Design and development of computer software and hardware and various forms of communication engineering. Students who have analytical and logical reasoning skills, as well as an interest in software development, testing, and programming, should consider a career in this field

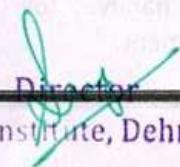

#### **Vision**

To become the centre of excellence in teaching, research and innovative practices for computing.

#### **Mission**

To provide a learning ambience to enhance programming skills for problem solving

To integrate the software industry and academia in order to utilise technology for research, innovation and entrepreneurship

  
Director

**Tula's Institute, Dehradun**

To develop professionals with a solid foundation who can think outside the box to adapt green computing solution.

To provide a comprehensive computing environment that meets the highest global standards for higher education and lifelong learning.

To create ethical, skilled engineers through theoretical understanding and practical implementations

#### About Brillica Services

Brillica Services Private Limited is a trusted training provider and leading provider at high quality, innovative and industry relevant IT skills, empowering and budding IT aspirants with across-the-board knowledge with a vision to create a fleet of the smarter workforce for global organizations. With a team of dedicated and knowledgeable learning professionals having profound subject-matter expertise, we provide blended IT training solutions to map all your IT learning needs.

#### Objective

The main objective of the workshop was to impart knowledge among the students. On the first day of the workshop the students of Tula's Institute showed active participation and the same continued till the last day. Mr. Raghvendra helped students gain technical knowledge of Front-End development. The students got to know about how to use Html, CSS java script and its various libraries which come handy for today's competitive environment.

### About Department (Mechanical Engg.)

The Mechanical Engineering Department of Tula's Institute is one of the oldest department since its inception in 2006. The department offers Diploma, Undergraduate, and Postgraduate programs in mechanical engineering. The main goal of the curriculum is to impart quality education to the students to develop technical skills, improve their problem-solving abilities, and encourage them to become a competitive mechanical engineer. The Department offers two specializations in the field of Robotics and Energy Engineering. Mechanical engineering may be the programme of study for you if you are seeking career in the field of design, development, quality, manufacturing, installation and operation.

#### Vision

To develop the department as an innovation centre & centre of excellence to produce engineers with knowledge, skills and character.

#### Mission

To impart high quality education to the students to develop technical skills and make them a competitive mechanical engineer.

To promote inter-disciplinary research.

To nurture students to excel professionally and personally to serve the society.

#### About ( E& ICT )

Electronics & ICT Academy (E & ICT Academy) at IIT Kanpur has been mandated to provide industry focused and industry-driven, hands-on courses in Electronics & ICT. It strives to narrow the gap between the academic approach to Electronics & ICT domains as currently provided by the educational institutions and the practically oriented approach as demanded by the industry. It is working towards enhancing the domain expertise of interested faculties with a special focus on the faculties of the three northern states of U.P., Haryana, Punjab and the two union territories of Delhi and Chandigarh, through a continuous engagement model with courses upgraded regularly.

#### Objective (Course Objective)

To provide an opportunity to learn designing software for constructing new products.

#### Content

- Operations in AutoCAD.
- Operations in Solid works.
- Operations in CATIA, NX.
- Operations in CNC.
- Operations in CAM
- Working Live on Software

## About Tula's Institute

Tula's Institute accredited with NAAC A+ institute was started in 2006, under the aegis of Rishabh Educational Trust. Nestled in the capital city of Uttarakhand, the institute has a sprawling green campus overlooking the majestic Himalayas.

Over the years, Tula's has provided with the highest quality technical education to students from all over India. The institute is recognised for its excellence in undergraduate and postgraduate academic programs including Engineering, Business, Mass Communication, Agriculture and Computer Applications.

With a 100% placement record in reputed firms, Tula's is a pioneer in providing top-notch education along with the right practical exposure.

We at Tula's, believe in making a balance between education and extra-curricular activities while maintaining a healthy teacher-student ratio and creating equal opportunities for all. Student gets an opportunity to step up and nurture their talent. Annual Cultural and Technical fests Sanskriti, and Utkrisht, are the biggest inter-college events organised by the college.

### Vision

To emerge as an academic centre producing world class professionals promoting innovation and research.

### Mission

To promote intellectual and skilled human capital generation employment and entrepreneurship.

Be educational centre of excellence of multi ethnicity and diversity.

Establish as technology driven teaching learning institution.

Provide world class platform for research and innovation.

Inculcate social, environmental, heritage values.

## About Department

The vision of ECE& EEE department is to become pioneer in higher learning and research and to produce creative solution to societal needs. To provide excellence in education, research and public service. To provide quality education and to make the students entrepreneur and employable.

### Vision

To produce quality Engineers in the field of Electrical and Electronics Engineering by providing core technical skills.

### Mission

Focus on the current technology on non-conventional energy and green energy.

Graduates have state of art engineering knowledge necessary for employment in industries as well as higher studies and research.

Collaborate with industry, research organizations and academia to encourage creativity and innovation.

Produce graduates with technical expertise, professional attitude and ethical values

#### **Objective:**

To deliver and discuss the about architecture, power electronics based drive control systems, battery management systems and grid integration issues of Electric and Hybrid vehicles.

#### **Content:-**

**Day 1**-Introduction to MATLAB & Programming using MATLAB.

Day 2- Array graphics File handling and debugging in MATLAB

Day 3- SIMULINK- EV Dynamics, force and power calculation.

Day- 4- Simulation of converter used in EV's

Day -5- Control Units & EMS in EV's.

**Resource Person-** Mr. Ashok Kumar,  
Ensino Research & Development Pvt  
Limited, Dehradun Uttarakhand

#### **Short term Course Schedule**

**Course Duration 24 -28 APRIL 2023**

Day 1 09:30 to 12:30 & 1:30 to 4:30 PM

Day 2 09:30 to 12:30 & 1:30 to 4:30 PM

Day 3 09:30 to 12:30 & 1:30 to 4:30 PM

Day 4 09:30 to 12:30 & 1:30 to 4:30 PM

Day 5 09:30 to 12:30 & 1:30 to 4:30 PM

#### **Event Co-ordinator**

Mr Vrij Mohan Vidhyarthi, Faculty of EEE  
dept ( 9720248085)

#### **REGISTRATION FORM**

### **About Tula's Institute**

Tula's Institute, founded by Rishabh Educational Trust in 2006, is acknowledged as the NAAC A+ Accredited institute as having the highest rating amongst colleges & universities in Uttarakhand. Tula's Institute is one of the 'Top Engineering Colleges in Uttarakhand' for its excellence in academic programs from undergraduate to the postgraduate level.

Tula's Institute is Ranked as No. 1 College in the Dehradun for placements in core companies, faculty, and infrastructure and Industry exposure.

Tula's Institute Dehradun is dedicated to serving our communities by recognizing the diverse needs of the individuals. It encourages personal and professional development through respect, appreciation and a commitment to general education, as a foundation for life-long learning.

#### **Vision**

To emerge as an academic centre producing world class professionals promoting innovation and research.

#### **Mission**

To promote intellectual and skilled human capital generation employment and entrepreneurship.

To be educational centre of excellence of multi ethnicity and diversity.

To establish as technology driven teaching learning institution.

To provide world class platform for research and innovation.

To inculcate social, environmental, heritage values.

### **About Department of Computer science & Engineering**

Bachelor of Technology in Computer Science & Engineering (B.Tech. CSE) is one of the most sought-after engineering degrees. The program teaches students about computer applications and systems in order to prepare them for a career in the IT industry. In this program, students learn about programming languages, digital and analogue electronic equipment, networking, Design and development of computer software and hardware and various forms of communication engineering. Students who have analytical and logical reasoning skills, as well as an interest in software development, testing, and programming, should consider a career in this field

#### **Vision**

To become the centre of excellence in teaching, research and innovative practices for computing.

#### **Mission**

To provide a learning ambience to enhance programming skills for problem solving

To integrate the software industry and academia in order to utilise technology for research, innovation and entrepreneurship

Director  
Tula's Institute, Dehradun

To develop professionals with a solid foundation who can think outside the box to adapt green computing solution.

To provide a comprehensive computing environment that meets the highest global standards for higher education and lifelong learning.

To create ethical, skilled engineers through theoretical understanding and practical implementations

#### About Brillica Services

Brillica Services Private Limited is a trusted training provider and leading provider at high quality, innovative and industry relevant IT skills, empowering and budding IT aspirants with across-the-board knowledge with a vision to create a fleet of the smarter workforce for global organizations. With a team of dedicated and knowledgeable learning professionals having profound subject-matter expertise, we provide blended IT training solutions to map all your IT learning needs.

#### Objective

The primary objective of this workshop is to equip participants with the skills and knowledge necessary to automate business processes using UiPath, a leading Robotic Process Automation (RPA) tool. By the end of the workshop, participants should be able to design, develop, and deploy RPA solutions that streamline and enhance organizational efficiency..

#### Content

- **UiPath Studio Overview**
- **Recording and Scraping Techniques**
- **Orchestrator and Robot Management etc.**

### **About Tula's Institute**

Tula's Institute, founded by Rishabh Educational Trust in 2006, is acknowledged as the NAAC A+ Accredited institute as having the highest rating amongst colleges & universities in Uttrakhand. Tula's Institute is one of the 'Top Engineering Colleges in Uttarakhand' for its excellence in academic programs from undergraduate to the postgraduate level.

Tula's Institute is Ranked as No. 1 College in the Dehradun for placements in core companies, faculty, and infrastructure and Industry exposure.

Tula's Institute Dehradun is dedicated to serving our communities by recognizing the diverse needs of the individuals. It encourages personal and professional development through respect, appreciation and a commitment to general education, as a foundation for life-long learning.

### **Vision**

To emerge as an academic centre producing world class professionals promoting innovation and research.

### **Mission**

To promote intellectual and skilled human capital generation employment and entrepreneurship.

To be educational centre of excellence of multi ethnicity and diversity.

To establish as technology driven teaching learning institution.

To provide world class platform for research and innovation.

To inculcate social, environmental, heritage values.

### **About Civil Engineering Department**

The Civil Engineering Department of Tula's Institute came into existence in the year 2011. The department offers Diploma, Undergraduate, and Postgraduate programs in civil engineering. The Department of civil engineering offers specialization in the field of Energy Engineering in UG program. Civil engineers work to sustain the natural environment while creating and maintaining the built environment. Civil engineers are essential to provide the necessities of human beings like water, shelter, infrastructure and energy in more efficient and renewable ways. If one has the zeal to take a new challenge every day, civil engineering will be the right choice.

### **Vision**

To become a centre of Modern industrial skills and collaborative research work.

### **Mission**

To provide learning domain for researchers in the field of Innovation & Research.

Director  
Tula's Institute, Dehradun

To develop the capacity of students to think inventively.

To promote research based projects in area of Construction, Transportation, and Structural Engineering etc.

To build Industry Partnerships to share first hand practical knowledge & to see the real life working of the organizations.

To develop High Academic Standards as entrepreneurship development.

#### Objective

- To demonstrate proper use of the Google sketch up software in civil and architecture field.
- To create various building components such as walls, slabs, columns, Doors & Windows.
- To make students skilful in Google sketch up and to make them industry ready.

#### Content

- Basic Introduction about software
- Working with Basic geometric shapes
- How to convert basic shapes in 3D
- How to import 2D drawing in SketchUp
- How to create 3D model from 2D drawing
- How to download templates from sketchUp warehouse

## About Tula's Institute

Tula's Institute, founded by Rishabh Educational Trust in 2006, is acknowledged as the NAAC A+ Accredited institute as having the highest rating amongst colleges & universities in Uttrakhand. Tula's Institute is one of the 'Top Engineering Colleges in Uttarakhand' for its excellence in academic programs from undergraduate to the postgraduate level.

Tula's Institute is ranked as No. 1 College in the Dehradun for placements in core companies, faculty, and infrastructure and Industry exposure.

Tula's Institute Dehradun is dedicated to serving our communities by recognizing the diverse needs of the individuals. It encourages personal and professional development through respect, appreciation and a commitment to general education, as a foundation for life-long learning.

### Vision

To emerge as an academic centre producing world class professionals promoting innovation and research.

### Mission

To promote intellectual and skilled human capital generation employment and entrepreneurship.  
Be educational centre of excellence of multi ethnicity and diversity.

Establish as technology driven teaching learning institution.

Provide world class platform for research and innovation.

Inculcate social, environmental, heritage values.

### About Department

#### Vision

To evolve as globally renowned education centre promoting technology and entrepreneurship in the field of agriculture.

#### Mission

To promote agribusiness among the graduates and farmers.

To promote innovation in the field of agro forestry.

To enhance the integrity, sustainability and health of the forest and related biotic communities.

To create awareness for social, historical, ethical, cultural and human values.

To provide relevant education to the students in agriculture, processing and allied sciences.

### Objective

The objective of this course is to teach students about the agribusiness, agriculture innovations, set of skill enhancement in the field of agriculture through hands on training and learning by doing.

### Content

#### 1. Agripreneurship development program

The overall objectives of Agripreneurship development program are mainly to help in the rapid growth of the economy by supplying skilled agri-entrepreneurs in the society. This programme primarily aims at providing self-employment to the young generation. Stimulatory Role: It aims at influencing people in large number to be the entrepreneur.

#### 2. Food Processing & Preservation

The primary objective of food preservation is to provide general knowledge and experience in the field of food processing. It includes management and processing of value addition of agricultural and horticultural produce.

#### 3. Organic Production & Composting Technology

Introduction/ Scope of Organic Farming and Vermicomposting

#### 4. Concept of Organic farming

certification procedure of organic farm, organic standards, procedure of inspection and certification, Concept of Marketing and Indian Organic Market, Economics of Organic Farming and Government Schemes to support Organic Farming. Chemical fertilizer vs. organic fertilizer

Concept of Organic Farming techniques, vermicomposting methods and management in farm. Vermiculture, types of earth worm. Introduction to Bio pesticides and biofertilizers. Concept of Biodynamic composts making.

#### **About Tula's Institute**

Tula's Institute, founded by Rishabh Educational Trust in 2006, is acknowledged

as the NAAC A+ Accredited institute as having the highest rating amongst colleges & universities in Uttrakhand. Tula's Institute is one of the 'Top Engineering Colleges in Uttarakhand' for its excellence in academic programs from undergraduate to the postgraduate level.

Tula's Institute is Ranked as No. 1 College in the Dehradun for placements in core companies, faculty, and infrastructure and Industry exposure.

Tula's Institute Dehradun is dedicated to serving our communities by recognizing the diverse needs of the individuals. It encourages personal and professional development through respect, appreciation and a commitment to general education, as a foundation for life-long learning.

#### **Vision**

To emerge as an academic centre producing world class professionals promoting innovation and research.

#### **Mission**

To promote intellectual and skilled human capital generation employment and entrepreneurship.

To be educational centre of excellence of multi ethnicity and diversity.

To establish as technology driven teaching learning institution.

To provide world class platform for research and innovation.

To inculcate social, environmental, heritage values.

#### **About Department**

Graduate School of Business is the department of management where we provide three courses MBA, BBA and B.com Hons. Through a rigorous and well-planned curriculum, we aim to push students to go beyond their comfort zone and achieve excellence in business. Our main objective is to nurture our students and to make them industry-ready with strong foundations of business management. We are developing priceless managerial skills in students so that in future they can lead the organization in a better way or start their own venture.

#### **Vision**

To evolve successful business leaders and entrepreneurs with social responsibility and global outreach.

#### **Mission**

To prepare the students for dynamic business environment through quality educational programs.

To contribute to human capital requirement in society and industry by augmenting the employability of students.

To cultivate the symbiotic relation with industry and other organizations for all round development of the students.

To sensitize the students towards value based and socially responsible behaviour as a business leader and entrepreneur.
