1. About Jio

Reliance Jio Infocomm Limited ("Jio"), a subsidiary of Reliance Industries Limited ("RIL"), has built world's largest all-IP data strong future proof network with latest LTE technology. It is the most advanced network to provide high speed and ubiquitous data service. It has built a future ready network which can easily deploy 5G and beyond technology. Jio has created full eco-system comprising network, devices, applications and content, service experience and affordable tariffs for everyone to live the Jio Digital Life.

Jio is grateful to Rishabh Educational Trust for showing interest in Jio Digital services. We are delighted to welcome you into the world of Digital life

Incredible Journey of Jio

Jio launched its 4G services in September 2016 and since then it is breaking one world record after another.

- In less than **170 days**, more than **100 million customers** signed up for Jio's services. This was the fastest adoption of any technology service, anywhere in the world.
- Jio redefined technology service adoption and became the fastest growing company in the world, with **more than 160 million customers**.
- Jio enabled its users to make Unlimited Voice Calls from anywhere to everywhere in India – Absolutely Free.
- Jio revolutionized data consumption and made India the number 1 data-consuming nation.
- Jio users consistently make more than **250 crore minutes of voice and video calls every single day**.
- Jio reinvented the conventional feature phone and launched a breakthrough device called the Jio Phone that will unleash a Digital Life for every Indian.
- Jio's rapidly expanding **4G network coverage will be more than the combined 2G coverage** provided by all other telecom service providers **in next 12 months** in the country.
